INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

Examiner Kemmerle is thanked for the courtesies extended undersigned counsel during the telephone interview of April 23, 2007.

During the April 23, 2007 interview, Examiner Kemmerle agreed that under current usage, the term "nonflammable" was the least confusing term to indicate when something is "not flammable".

Further, Examiner Kemmerle agreed that the submission of a Substitute Specification indicating various changes to be made to the application, as filed, need not be filed at this time. Rather, Applicant may properly wait until the indication of allowable subject matter. Examiner Kemmerle

Serial No. 10/733,770

indicated that his Supervisory Primary Examiner would be in agreement with this.

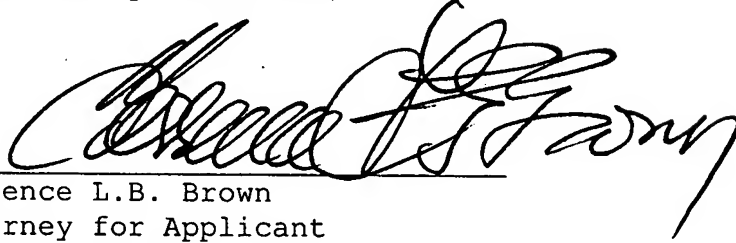

No agreement as to patentability was reached.

It is believed that no fee is due. Should that determination be incorrect, Examiner Kemmerle is authorized to charge any deficiencies to our Deposit Account No. 19-2105 and notify undersigned counsel in due course.

Should any outstanding formal matters or other issues remain, Examiner Kemmerle is requested to telephone Terrence Brown at (703) 684-5600 to resolve such.

Respectfully submitted,

Date:

April 30, 2007
